ZS Associates

"We as ZS Associates are using Nescafé® FRIO machine from last 5 years and we are finding this as a wonderful product. All the flavours are all time hit in our organization. All the employees really like the products. We are happy to have Nescafé® as our serving partner and wish that this relationship continues for many more years."

-ZS Associates

Better.com

"Post pandemic, our endeavor is to make our workplace more fun and engaging for our employees to facilitate return to office. The Nescafé® cold and hot vending machines have been a big step in this direction. All the flavors are a hit amongst our employees - especially the frappe and ice tea. They really feel energized with a quick Nescafé break. The service support from the Nestlé® team has been very good and ensured a seamless experience for our employees."
